Directors' Report

The Board of Directors of Dewan Automotive Engineering Limited is pleased to present its annual report along with the Company's audited financial statements for the year ended June 30, 2024 and welcomes you to the 42th Annual General Meeting.

Economy under review:

Pakistan's economy grew by 2.38% in the fiscal year 2023-24, after facing significant hurdles due to record-high inflation of 23.4%, unfavorable interest rates, a weakened exchange rate, and soaring fuel and energy costs. Delays in the resumption of the IMF program further exacerbated the economic slowdown.

The automotive sector has been severely affected by these challenges, including economic volatility, inflationary pressures, and import issues, leading to production halts for key manufacturers. While there is cautious optimism for 2024 with hopes for economic stabilization and relaxed import policies, the industry's performance in FY 2024 remains notably weaker compared to FY 2023.

The revival of the IMF program and financial aid from other different countries have paved the way for potential economic recovery. However, Pakistan's economic situation remained fragile.

Report on the Audit of the Financial Statements

Adverse Opinion

We have audited the annexed financial statements of Dewan Automotive Engineering Limited ('the Company'), which comprise the statement of financial position as at 30 June 2024, and the statement of profit or loss, statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion, because of the significance of the matters discussed in the basis for adverse opinion section of our report, the statement of financial position, statement of profit or loss, statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof do not conform with the accounting and reporting standards as applicable in Pakistan and do not give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively do not give a true and fair view of the state of the Company's affairs as at 30 June 2024 and of the loss and other comprehensive loss, the changes in equity and its cash flows for the year then ended.

Basis for Adverse Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan ('the Code') and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse opinion.

- a) The financial statements of the Company for the year ended 30 June 2024 reflect loss after taxation of Rs.67.912 million and as of that date it has accumulated losses of Rs.1,972.297 million which resulted in net capital deficiency of Rs.1,524.610 million and its current liabilities exceeded its current assets by Rs.1,418.932 million and total assets by Rs.1,219.372 million. The operations of the Company are closed. These conditions lead us to believe that the going concern assumption used in preparation of these financial statements is inappropriate; consequently, the assets and liabilities should have been stated at their realizable and settlement amounts respectively.

- b) The revaluation of certain classes of property, plant and equipment of the Company was carried out in the year 2018 (note 5.3 to the financial statements). As per requirements of International Accounting Standard -16 'Property, Plant and Equipment', revaluation is required to be carried out with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the balance sheet date, whereas no revaluation has been conducted since the year 2018. The carrying amounts of said classes of property, plant and equipment may not reflect their fair values as at balance sheet date. In the absence of further revaluation, we are unable to quantify the effect that such a revaluation would have on the said assets.

Key Audit Matter(s)

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report other than the matters described in the basis for adverse opinion section.

Information Other than the Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. As described in the basis for adverse opinion section of our report, we have concluded that the other information is materially misstated for the same reason.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Continuation Sheet

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) Proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) Because of the matter described in Basis for Adverse Opinion section, the statement of financial position, the statement of profit or loss, statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have not been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) however, the same are in agreement with the books of account and returns;
- c) Investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) No Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980). The engagement partner on the audit resulting in this independent auditor's report is Fasih uz Zaman.

For The Year Ended June 30, 2024

1 THE COMPANY AND ITS OPERATIONS

Dewan Automotive Engineering Limited is a public Limited Company quoted on Pakistan Stock Exchange Limited (trading in defaulter counter). The Company's business is the assembly-cum progressive manufacture and sale of tractors, light commercial vehicles and motorcycles and trading / manufacturing of parts and implements related thereto. The Company was incorporated on May 6, 1982 and commenced commercial operations in August, 1983. The Company was taken over by Yousuf Dewan Company in April 2004.

During the year 2017, the Company received notices from Pakistan Stock Exchange Limited (PSX) in respect of non-compliance of clause 5.11.1. (c) and 5.11.1.(e) of the PSX Regulations therefore it was placed on defaulter's counter of PSX and trading of its shares was suspended. The Company has rectified the default and has requested for removal of Company from defaulter's counter. Hence no action by the Exchange under clause 5.11.1. (c) and 5.11.1.(e) is warranted under the said circumstances.

The geographical location and address of Company's business units including plant is as under:

- Company's production plant is situated at Sajawal and Shershah Karachi, Sindh, Pakistan.

2 GOING CONCERN ASSUMPTION

The Company incurred a net loss of Rs.67.912 million during the year ended 30 June 2024 (2023: Rs.85.086 million) and as of that date it has accumulated losses of Rs.1,972.297 million (2023: Rs.1,908.401 million) which have resulted in net capital deficiency of Rs.1,524.610 million (2023: Rs.1,456.698 million) and its current liabilities exceeded its current assets by Rs.1,418.932 million (2023: Rs.1,386.902 million) and total assets by Rs.1,219.372 million (2023: Rs.1,179.503 million). The Company has been unable to ensure payments to the creditors due to the liquidity problems. These conditions indicate the existence of material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern. therefore the Company may not be able to realize its assets and discharge its liabilities in normal course of business.

However, these financial statements have been prepared using going concern assumption as the Company has the ability to arrange funds from its associated companies / sponsor as and when required. Accordingly, these financial statements have been prepared on a going concern basis.

3.4 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency.

3.5 Critical accounting estimates and judgements

The preparation of the financial statements in conformity with approved accounting standards as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amounts of assets and liabilities and income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant affect on the amounts recognised in the financial statements are as follows:

3.5.1 Operating fixed assets, revaluation and depreciation

The Company reviews appropriateness of the rate of depreciation, useful lives and residual values used in the calculation of depreciation. The estimates of revalued amounts of revalued assets are based on valuations carried out by a professional valuer. Further, where applicable, an estimate of the recoverable amount of assets is made for possible impairment on an annual basis. In making these estimates, the Company uses the technical resources available with the Company. Any change in the estimates in the future might affect the carrying amount of respective item of property, plant and equipment, with corresponding effects on the depreciation charge and impairment.

3.5.2 Income tax

In making the estimates for income tax currently payable by the Company, the management considers the current income tax laws and the decisions of appellate authorities on certain issues in the past.

Notes To The Financial Statements

For The Year Ended June 30, 2024

3.5.3 Stock in trade

The Company reviews the net realizable value (NRV) of stock in trade to assess any diminution in the respective carrying values. Any change in the estimates in future years might affect the carrying amounts of stock in trade and corresponding effect in profit and loss account of those future years. Net realisable value is determined with respect to estimated selling price less estimated expenditures to make the sales.

4 MATERIAL ACCOUNTING POLICY INFORMATION

The Company adopted Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statements 2 'Making Materiality Judgements') from April 1, 2023. Although amendments did not result in any changes to the accounting policies themselves, they impact the accounting policy information disclosed in the financial statements.

The amendments require disclosure of 'material', rather than 'significant' accounting policies. The amendments also provide the guidance on the application of materiality to disclosure of accounting policies, assisting entities to provide useful entity specific accounting policy information that user need to understand other information in the financial statements

The material accounting policies set out below have been applied consistently to all periods presented in these financial statements.

4.1 Property, plant and equipment

Owned

Item of property, plant and equipment is recognized as asset when it is probable that future economic benefits associated with the asset will flow to the company and its cost to the company can be measured reliably.

An item of property, plant and equipment, which qualifies for recognition as an asset, is initially measured at its cost. Cost includes expenditure that is directly attributable to the acquisition of the item. Subsequent to initial recognition items of property, plant and equipment are carried at a revalued amount, being its fair value at the date of the revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Revaluations are made with sufficient regularity such that the carrying amount does not differ materially from that which would be determined using the fair value at the balance sheet date.

Any revaluation increase arising on the revaluation of assets is recognised in other comprehensive income and presented as a separate component of equity as "Revaluation surplus on property, plant and equipment", except to the extent that it reverses a revaluation decrease for the same asset previously recognised in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously

Notes To The Financial Statements

For The Year Ended June 30, 2024

charged. Any decrease in carrying amount arising on the revaluation of assets is charged to profit or loss to the extent that it exceeds the balance, if any, held in the revaluation surplus on property, plant and equipment relating to a previous revaluation of that asset. The revaluation reserve is not available for distribution to the Company's shareholders. The surplus on revalued assets to the extent of incremental depreciation charged (net of deferred tax) is transferred to unappropriated profit.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial year in which they are incurred.

Property, plant and equipment are stated at cost / revalued amounts less accumulated depreciation except for the leasehold land which is stated at revalued amount. Depreciation is charged to income applying the reducing balance method over estimated useful life of the assets. Depreciation on additions is charged from the month the asset is put into use while on disposals upto the month the asset was in use. Depreciation is being charged at the rates given in note 5.1. Incremental depreciation on account of revaluation charged for the year on revalued assets is transferred from surplus on revaluation of property, plant and equipment to accumulated loss.

The assets residual values and useful lives are reviewed and adjusted, if appropriate, at each balance sheet date.

Maintenance and normal repairs are charged to income as and when incurred. Major renewal and improvements are capitalized. Gain or loss, if any, on disposal of property, plant and equipment is included in income currently.

Leased

The company accounts for assets acquired under finance lease by recording the assets and related liability. Assets are recorded at lower of present value of minimum lease payments under the lease agreements and fair value of the assets. The aggregate amounts of obligation relating to these assets are accounted for at net present value of liabilities. Assets acquired under the finance leases are depreciated over the useful life of the respective asset in the manner and at the rates applicable to the company's owned assets. Financial charges are allocated to accounting periods in a manner so as to provide a constant periodic rate of change on outstanding liabilities.

4.2 Intangible

An intangible asset is recognized if it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and that the cost of such asset can also be measured reliably.

Notes To The Financial Statements

For The Year Ended June 30, 2024

Software under development are carried at cost. Direct cost include the purchase cost and directly attributable cost of preparing the asset for its intended use.

Intangible asset is amortized from the date such asset is put into use on straight line basis over its useful life.

4.3 Impairment of property, plant and equipment

The company assesses at each balance sheet date whether there is any indication that a tangible fixed asset may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying value exceeds recoverable amount, assets are written down to the recoverable amount.

4.4 Deferred costs

These are amortized on a straight line basis over a period of ten years, starting from the year in which company has commenced the commercial operations.

4.5 Stores, spares and stock in trade

These are valued at lower of cost and net realizable value. The cost is determined as follows:

Stores and spares	Average cost
Stock in trade:	
Raw material	Average cost
Goods in transit	Cost comprising invoice values plus other charges incurred thereon.
Work in process	Prime cost plus appropriate portion of manufacturing overheads.
Finished goods	Average cost

Net realizable value signifies the estimated selling price in ordinary course of business less cost necessary to be incurred to make the sale.

4.6 Trade and other receivables

Trade debts originated by the company are recognized and carried at original invoice amount less an allowance for any uncollectible amounts, if any. An estimate for doubtful debts is made when collection of amount is no longer probable. Bad debts are written off when they are no longer recoverable.

Other receivables are recognized and carried at cost.

Notes To The Financial Statements

For The Year Ended June 30, 2024

4.7 Investments

Investments classified as available for sale are initially measured at cost, being the fair value of consideration given. At subsequent reporting dates, these investments are re-measured at fair values (quoted market price), unless fair value cannot be reliably measured, in such case the investments are measured at cost. Gains and losses on re-measurement to fair value are recognized directly in equity through the statement of changes in equity.

4.8 Cash and cash equivalents

Cash in hand and at banks are carried at cost. For the purpose of the cash flow statement, cash and cash equivalents consist of cash in hand and at banks.

4.9 Financial Instruments

4.9.1 Initial measurement of financial asset

The Company classifies its financial assets into following three categories:

- Fair value through other comprehensive income (FVOCI);
- Fair value through profit or loss (FVTPL); and
- Measured at amortised cost.

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

Subsequent measurement

Debt Investments at FVOCI

These assets are subsequently measured at fair value. Interest / mark-up income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in the statement of profit or loss account. Other net gains and losses are recognised in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the statement of profit or loss account.

Equity Investments at FVOCI

These assets are subsequently measured at fair value. Dividends are recognised as income in the statement of profit or loss account unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in other comprehensive income and are never reclassified to the statement of profit or loss account.

Notes To The Financial Statements

For The Year Ended June 30, 2024

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest / mark-up or dividend income, are recognised in the statement of profit or loss account.
Financial assets measured at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest / mark-up income, foreign exchange gains and losses and impairment are recognised in the statement of profit or loss account.

4.9.2 Non-derivative financial assets

All non-derivative financial assets are initially recognised on trade date i.e. date on which the Company becomes party to the respective contractual provisions. Non-derivative financial assets comprise loans and receivables that are financial assets with fixed or determinable payments that are not quoted in active markets and includes trade debts, advances, other receivables and cash and cash equivalent. The Company derecognises the financial assets when the contractual rights to the cash flows from the asset expires or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risk and rewards of ownership of the financial assets are transferred or it neither transfers nor retain substantially all of the risks and rewards of ownership and does not retain control over the transferred asset.

4.9.2.1 Trade debts, advances and other receivables

These are classified at amortised cost and are initially recognised when they are originated and measured at fair value of consideration receivable. These assets are written off when there is no reasonable expectation of recovery. Actual credit loss experience over past years is used to base the calculation of expected credit loss.

4.9.2.2 Cash and cash equivalents

For the purpose of presentation in statement of cash flow, cash and cash equivalents includes cash in hand, balances with banks and investments with maturities of less than three months or less from acquisition date that are subject to insignificant risk of changes in fair value and short term borrowings availed by the Company, which are repayable on demand and form an integral part of the Company's cash management.

4.9.3 Financial liabilities

Financial liabilities are initially recognised on trade date i.e. date on which the Company becomes party to the respective contractual provisions. Financial liabilities include mark-up bearing borrowings and trade and other payables. The Company derecognises the financial liabilities when contractual obligations are discharged or cancelled or expire. Financial liability other than at fair value through profit or loss are initially measured at fair value less any directly attributable transaction cost. Subsequent to initial recognition, these liabilities are measured at amortised cost using effective interest rate method.

Notes To The Financial Statements

For The Year Ended June 30, 2024

4.9.3.1 Mark-up bearing borrowings and borrowing costs

Mark-up bearing borrowings are recognised initially at fair value, less attributable transaction costs. Subsequent to initial recognition, mark-up bearing borrowings are stated at amortised cost, while the difference between the cost (reduced for periodic payments) and redemption value is recognised in the statement of profit or loss account over the period of the borrowings using the effective interest method.

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of the relevant asset.

4.9.3.2 Trade and other payables

Trade and other payables are recognised initially at fair value plus directly attributable costs, if any, and subsequently measured at amortised costs.

4.9.4 Derivative financial instruments - Other than hedging

Derivatives that do not qualify for hedge accounting are recognised in the statement of financial position at estimated fair value with corresponding effect to statement of profit or loss account. Derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative.

4.9.5 Derivative financial instruments - Cash flow hedges

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in fair value of the derivative is recognised in other comprehensive income and accumulated in hedging reserve. Any ineffective portion of changes in fair value of derivative is recognised immediately in the statement of profit or loss account. The amount accumulated in equity is removed therefrom and included in the initial carrying amount of non-financial asset upon recognition of non-financial asset.

The fair value of forward exchange contracts is estimated using appropriate valuation techniques. These are carried as assets when the fair value is positive and liabilities when the fair value is negative.

4.9.6 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is reported in the financial statements only when the Company has currently legally enforceable right to set-off the recognised amounts and the Company intends either to settle on a net basis or to realise the assets and to settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in normal course of business and in the event of default, insolvency or winding up of the Company or the counter parties.

ڈائریکٹرز رپورٹ

شروع کرتا ہوں اللہ تعالیٰ کے نام سے جو بڑا مہربان اور نہایت رحم والا ہے
اگر تم شکر ادا کرو گے تو میں تم پر (نعمتوں میں) ضرور اضافہ کروں گا (القرآن)

دیوان آٹوموٹیو و انجینئرنگ لمیٹڈ کے بورڈ کے ڈائریکٹران کی جانب سے 30 جون 2024ء کو اختتام پذیر مالی سال کی سالانہ رپورٹ بمعہ آڈٹ شدہ مالیاتی نتائج آپ کے سامنے پیش کئے جاتے ہیں اور آپ کو کمپنی کی 42 ویں سالانہ جنرل میٹنگ میں خوش آمدید کہا جاتا ہے۔

اقتصادی جائزہ:

مالی سال 2023-24 میں پاکستان کی معیشت میں 2.38 فیصد کی شرح سے اضافہ ہوا، حالانکہ اسے ریکارڈ بلند افراط زر 23.4 فیصد، ناموافق شرح سود، کمزور زر مبادلہ کی قدر، اور ایندھن اور توانائی کی بڑھتی ہوئی قیمتوں جیسے سنگین چیلنجز کا سامنا تھا۔ آئی ایم ایف پروگرام کی بحالی میں تاخیر نے معاشی سست روی کو مزید متاثر کیا۔

ان چیلنجز سے آٹوموٹیو کا شعبہ بری طرح متاثر ہوا ہے، جن میں اقتصادی غیر یقینی صورتحال، افراط زر کے دباؤ، اور درآمدات کے مسائل شامل ہیں، جس کے نتیجے میں اہم مینوفیکچررز کی پیداوار رک گئی ہے۔ اگرچہ 2024ء کے لیے امید ہے کہ معیشت میں استحکام آئے گا اور درآمدی پالیسیوں میں نرمی ہوگی، تاہم مالی سال 2024ء میں اس صنعت کی کارکردگی مالی سال 2023ء کے مقابلے میں نمایاں طور پر کمزور رہی ہے۔

آئی ایم ایف پروگرام کی بحالی اور دیگر مختلف ممالک سے مالی امداد نے کمزور معاشی بحالی کی راہ ہموار کی ہے۔ تاہم، پاکستان کی معاشی صورتحال اب بھی نازک ہے۔

کمپنی کی کارکردگی:

مالی جائزہ:

زیر جائزہ سال کی مالی کارکردگی کا خلاصہ اور تقابلی اعداد و شمار درج ذیل ہیں:

2023 (روپے میں)	2024 (روپے میں)	
		مجموعی فروخت
(15,513)	(13,933)	مجموعی (خسارہ)
(26,196)	(16,752)	آپریٹنگ (خسارہ)
(85,086)	(67,912)	بعد از ٹیکس خالص (خسارہ)

زیر جائزہ سال کے دوران کمپنی کی پیداوار معطل رہی، جس کے نتیجے میں غیر استعمال شدہ اوور ہیڈز اور دیگر اخراجات سے مالی نقصانات کا سامنا کرنا پڑا۔

تاہم، کمپنی دوبارہ اپنے آپریٹنگز کا آغاز کرنے کی تیاری کر رہی ہے تاکہ اپنی ذیلی کمپنی کو پرزہ جات فراہم کر سکے، جس نے پہلے ہی کمرشل گاڑیوں اور مسافر کاروں کی اسمبلی دوبارہ شروع کر دی ہے۔

آئی (پوسٹل بیلٹ)

بذریعہ بیلٹ وونگ کیلئے اراکین کمپنیز (پوسٹل بیلٹ) ریگولیشنز 2018 کی دفعات کے مطابق اپنا حق رائے دہی استعمال کر سکتے ہیں جو کمپنیز ایکٹ 2017 کے سیکشن 143 اور 144 کے تقاضوں سے مشروط ہے۔ مذکورہ ریگولیشنز کے تحت متعین قانونی ٹائم فریم کے اندر اگر ضرورت محسوس ہوئی تو مزید تفصیلات اراکین کو ارسال کی جائیں گی۔
